CR P.- The wheat crop is in a most flourshing condition. The late rain has penetrated the soil, affording the required moisture to force into verdant beauty the germinated seed. Millers have also been blessed with an abundant supply of water, to put their mills into operation; and the almost exhausted springs will soon actively bubble again with the liquid element.

CATTLE -But few of the farmers are supplied with stock. There is a great scarcity, partly owing to the cattle disease in Tennessee a few years ago; but mainly to the New York and Pennsylvania speculators, who met the drovers on their way here and bought up the intended supply for the upper part of this county and the lower part of Lindoun. Some are beginning to fear that they cannot get any at all. Prices range from 24 cents to 3 and a fraction,

with an upward tendency. WOODLAND DEBATING SOCIETY .- On last Saturday, the question "Is the early self reliance of the American youth represensible?" was discussed with much ingenuity, ability and skill, and decided in favor of the negative. "Was Com. Paulding justifiable in arresting Gen. Walker?" was selected to be debated at their next regular meeting.

Political.-Letcher is the favorite of the party in this locality. The timely suggestion not to pledge to any of the Congressional candidates out for this district, is very opportuge, and has met with a warm reception which speaks well for the gentlemen to whom it is given. There is a good time coming, almost at hand. So matters and things J. C.

THE WAY TO DECIDE IT .- We do not know how better to settle the question that so much perplexes Democratic politicians-whether Letcher is the choice of the people for Governor-than to allow him and all competitors to take the field, and let the people select for themselves. Everybody knows that politicians are tricky and conventions uncertain. There is nothing more possible than that the Petersburg convention may fail to nominate the man whom the people themselves would prefer. We propose then, to dispense with all such agencies and for once let the people have their own way. If this is not democratic, it cught to be. We have confidence enough in the to be. wisdom of the people to believe that they would choose quite as wisely for themselves, as the politicians would for them .- Rich.

PARDONED.-Edward Duffel, convicted about two years ago of killing a woman in Lynchburg, and sentenced to the Penitentiary for six years, was yesterday pardoned by the Governor and released. In addition to the fact that he is quite a youth, and has conducted himself in a very exemplary manner since his confinement, there is reason to doubt whether the killing was intentional.- Rich.

H. Fowle, esq., and was opened with prayer by the Rev. Dr. Harrison, of the First Presbyterian Church. Messrs. S. J. McCormick, Geo. E. French, E. F. Witmer, and T. M. McCormick, assisted by Professor Bartenstein on the melodion, entertained and delighted the audience with some appropriate vocal music.--Dr. Hooff, of the M. E. Church, then addressed the meeting elequently and effectively in behalf of the Association and its objects. At the conclusion of the address, another appropriate piece was sung by the gentlemen aboved named, when Ray, Mr. Manning of the M. E. Church, South, made a most happy and effective appeal to the audience for the cause of christianity generally, and of the Young Men's Christian Association in particular. The addresses of Messrs. Hooff and Manning, were listened to with marked attention, and elicited the warmest commendations from all who heard them -The Chairman, after some touching remarks. proceeded to read the following report :

Report .- Since our last Anniversary, the progress of our Association has been steadily | Rev. Mr. Manning, onward. The number of its members has largely increased, and there has been far more earlieste e is in work.

SUNDAY SCHOOLS -The Sunday Schools are in a flourishing condition. No. 1, or Bethel School, on the wharf, has been spe cially blessed. No. 2, has been rather unsettled for some months past, owing to the want of a suitable room. This difficulty has recently been obviated by renting a large and commodious hall connected with "Po omac Lodge," on Columbus street. Number of children ordinarily attending the two Schools, 200; of Teachers 50. Bethel School is held in the rooms of the Corn Exchange, granted, without charge, for that purpose,

NIGHT SCHOOL. The 4th session of the Night School closed on 26th March last -Its 5th session commenced on the 1-t inst, in the Hall occupied by School No. 2. More than usual interest was manifested during the last session, both by Teachers and Scho ars. As usual, we acknowledge our indebt edness to the ladies of the different churches or efficient aid in this enterprise. Without their assistance, the Schools could not have been continued. Donations of books were made by Messrs. Scott, James S. and Caleb S. Il illowell; of five dollars by a lady, through Mr. G. K. Witmer, Messrs. Frances Miller and James S. Hallowell delivered interesting Lectures. To all, we desire to express sin-

cere thanks. This School is opened by reading of the Scriptures and prayer, and toward the close f the last ression, some fifteen or twenty minu es prior to opening were spent in singing, with very beseficial effect. Number of ovs, 37; Teachers, 6. The expenses in the School department, amount to about \$200 per annum. A saving of about \$50 was made last year, by the kindness of Mr. Thos. Davy, who permitted the occupancy of the room in a building under his charge, for some months, gratuit usly.

Bethel..-The Lord has looked with great bor during the past year. Religious service has been held on every Sunday, with an attendance of from twelve

to one hundred persons. During the Summer months, we have found are engaged, to hold this service on the wharves, and the congregations usually consist of sailors, Boatmen, and others who ordinarily attend no house of public worship.

About two months since, it was deemed extedient to commence a social religious service at the Canal Basin, at 4 o'clock, P. M., of each Surday. Not having been able to supply regular preaching, this service has sometimes consisted of singing, prayer, reading the scriptures, and exhortation. In this particular field the students from the Episcopal Theological Seminary have rendered most efficient aid. So much satisfaction is felt by the Boatmen, at this effort in their behalf, that they have suggested the erection of a plain suitable building in which to hold the meetings, the expense to be met

in part by themselves. Those who cannot, or will not attend the meetings, are furnished with short and pungent Tracts, which are by this means distributed along the whole line of Canal.

To the Clergymen who have so promptly and heartily responded to our calls often times when oppressed by pastoral duties and cares, we owe a large debt. Nobly has our work been sustained by them. To God be the not have been.

READING ROOM AND LIBRARY -- The Rooms have been kept open regularly during the year, and as well furnished with Books and Periodicals as our limited means would allow. In this connection we have to suggest that our citizens would confer a great blessing upon the youth who visit the rooms for the purpose of improvement, if they would send there, after perusal at home, such papers and pamphlets as would afford profita-Many persons cast away as useless, Magazines and religious papers, which, placed within the reach of our young men, would

LECTURES. - During the past year, we have cen obliged to forego these valuable auxiliaies to our cause, in consequence of paucity f means.

INDUSTRIAL SCHOOL .- This most interest ng field of labor has been recently entered upon. Its object is to instruct indigent female children in plain sewing, and at the same time lead their minds to a sense of their responsibility to their Creator. Of hands of the Ladies, and most nobly have they come up to the work. The number of managers is twenty-2 from each of the Evatgelical Churches in the city. For this enterprise, special donations in money, or such goods, say Calicos, Cotton, &c., &c., as are needed, are solicited. They can be sent to the Room, on Monday afternoon, or at any time,

to the store of Messrs. Witmer & Bro's. PRAYER MEETINGS .-- The Rooms of the Association have been opened for Prayer Meetings, as follows: Daily since 1st April last, for young men,

at 5 A. M.; daily since 1st March last, for business men, at 12 M.; and on every Saturday evening during the year for the stated During the past winter, a system of daily and Combs of every description, received, and Union Prayer Meetings was inaugurated, under the direction of a Committee-composed of a member of each Church in our city. At first they were held in the different Churches, changing from week to week. but were subsequently removed to Sarepta 200 months for which he will pay the Hall, the use of which, was granted by highest market price, in cash. J. E. McGRAW, Mesers. Henry Cook & Co., free of charge.

As the season advanced, and the Hall was required for other purposes-the Churches were again used, and will be during the com-

ing winter. Of the value of these meetings, it would be difficult to say too much. Not to mention the highly improved tone of religious feeling which exists in the community, since their establishment--much, very much has been accomplished through their instrumentality in breaking down denominational prejudice, that bitter foe to the extension of Christs Kingdom. Christians have found, that by whatever name they might be called, there was a platform on which all believers could neet, and join hands. Long may the brotherly love continue, until the delightful interourse which arises from a common end and sim here, shall be perfected in a common nome in Heaven.

all parts of the world and from the most intelligent to prove that it is a perfect RESTORA-TIVE; but read the circular and you cannot doubt; read also the following:

THE HAIR - People have for centuries been afflicted with bald heads, and the only remedy, heretofore known, has been those abominable wigs. By a recent discovery of Prot. Wood these articles are being fast dispensed with; but a great many persons still patronize them, because they have been so often imposed upon by Hair Tonics of different kinds. To all such persons we earnestly make the request, that they will try once again, for in WOOD'S RE-STORATIVE there is no such thing as fail .-We know of a lady who was bald, who used the article a short time, and her head is now covercases where hair was rapidly falling out, which it restored in greater perfection than it ever had been before.

It is also without doubt one of the best articles for keeping the hair in good condition. making it soft and glossy, removing dandruff, and has proved itself the greatest enemy to all the ills that hair is heir to

It is the duty of every one to improve their personal appearance though some may differ in regard to the ways of doing it; but every one will admit that a beautiful head of hair, either in man or woman, is an object much to be desired, and there are no means that should be left untried to obtain such a consideration .-Woman's Advocate, Philadelphia.

Сосностах, Оню, November 17, 1856.—О. J Wood & Co .- Gents :- As I have been engaged in selling your HAIR RESTORATIVE the last season for one of your local agents, (R. M. Hackinson) and having experienced the beneficial effects of it myself, I would like to obtain an agency for the State of Ohio or some State in the West, should you wish to make such an arrangement, as I am convinced there is nothing equal to it in the United States, for restor ing the bair. I have been engaged in the Drug business for several years, and have sold vari ous preparations for the hair, but have found nothing that restores the secretive organs or invigorates the scalp as well as yours. Being fully convinced that your RESTORATIVE is what you represent it to be, I would like to engage in the sale of it, for I am satisfied it must sell .-

Yours, truly, S. T. STOCKMAN. WAYLAND, MASS. Feb. 3, 1857.—Prof. O. J. Wood & Co.—Gents: Having realized the good effects of your HAIR RESTORATIVE, I wish to state, that finding my hair growing thin, as well as grey, I was induced from what I read and heard, to try the article prepared by you, to promote its growth and change its color as it was in youth, both of which it has effected completely.
